REGULATIONS FOR BAKERIES.

The end of the recent bakery con-
troversy has at last been reached. Af-
ter Inspector of Labor Commissioner
Doherty had investigated the condition
of bakeries in certain cities of Virginia,
reports were circulated to the effect that
some of these bakeries were in a most
unsanitary condition. These reports
caused much excitement and led to an
investigation by the grand jury in one
city. As no settlement was reached,
Governor Swanson took the matter into
his own hands and requested the State
Health Commissioner and Prof. W. D.
Saunders, pure food and dairy commis-
sioner, to formulate new regulations for
bakeries and other food manufacturers of
the state.

The governor's suggestion has at once
acted upon, and the new regulations
have been formulated and issued in the
recent bulletin of the State Department
of Agriculture.

Cleanliness in the bakery and in
every place where food is manufactured
is the fundamental requirement of the
new regulations. The buildings, the
floors, walls and furnishings must be kept
in a sanitary and healthy condition, and
the food, during the process of manu-
facture, must be kept protected from dust
and flies.

Workmen in such plants are required
to be dressed in clean clothing, prefer-
ably in clean white suits and overalls
and must be free from any obnoxious
disease. The windows of every such
manufactory or bakery must be screened
with fine wire gauze.

The regulations further provide that
no person shall sleep in the same room
where food is manufactured and that no
animals, excepting cats, be admitted to
such places. Expectoration in any
manufactory, except in especially pro-
vided cuspidors, is strictly prohibited
and no smoking will be permitted.
Toilet rooms must be provided separate-
ly from the work shop.

The last provision of the new regu-
lations has to do with the delivery wagons
of bakeries and like establishments.
These wagons must be covered and
closed at both ends, except in the cases
of meat wagons. The latter must be
provided with tarpaulins to protect the
cows.

It is fortunate that the Department of
Agriculture has the power under the
laws of the state to promulgate these regu-
lations and to compel obedience to
them. The results, it is predicted by
state officials, will be of great benefit
to the people of the state and will insure
strict cleanliness in all food manu-
factories.

REGULATING MARRIAGES.

For the purpose of putting a stop to
the marriage of consanguines, H. A.
McClung, of Allegheny county, Pa.,
yesterday presented in the House a bill
to regulate the issuance of marriage
licenses and providing the conditions
under which such licenses may be granted.
The important feature of the bill
is contained in the section which pro-
vides that the clerk of the Orphans'
Court "shall not issue any marriage
license until each of the parties applying
therefor shall severally present to the
clerk a certificate, under oath or affirma-
tion, from a medical doctor, duly author-
ized to practice medicine under the laws
of this commonwealth, setting forth that
he, the said medical doctor, does declare
that to the best of his knowledge and
belief the applicants for the license are
not afflicted with pulmonary tubercu-
losis, epilepsy, insanity, imbecility,
idiocy or other hereditary diseases, as
such would affect the other contracting
party to such a marriage or any off-
spring therefrom."

5000 CORPSES WILL BE SENT TO CHINA.

Five thousand Chinese corpses, bound
for their final resting places in the
Flower Kingdom, will leave Brooklyn
next Wednesday. The bodies of the
dead Chinamen were disinterred from
barging grounds all over the United
States and placed in sealed coffins,
labeled with the name and history of
their silent occupants. When the steam-
ship reaches China the bodies will be
sent to the localities from which the
dead Chinamen came.

For That Terrible Itching.

Eczema, tetter and salt rheum keep
their victims in perpetual torment. The
application of O. Amerasia's Salve will
instantly allay this itching, and many
cases have been cured by its use. For
sale by W. F. Orlington & Co., and
Richard Gibson.

Neural Catarrh, an inflammation of the
delicate membrane lining the air passages,
is not cured by any mixtures taken into the
stomach. Don't waste time on them. Take
Ely's Cream Balm through the nostrils, so
that the fevered, swollen tissues are reached
at once. Never mind how long you have
suffered nor how often you have been disap-
pointed, we know Ely's Cream Balm is the
remedy you should use. All druggists, 50c
